

September 5 (DAY 1)

\*The program is subject to change.

Room	Room A	Room B	Hands-on	Hands-on			
8:00					8:00		
8:50	Welcome address: Congress President, Haruhiro Inoue Special remarks: Society President, Shinji Tanaka						
9:00	9:00-11:00 ESD: Over two decades since its introduction (120min)  How ESD started? And now ESD at pharynx ESD in the esophagus ESD in the stomach ESD in the duodenum ESD at ileo-cecum ESD in the colon ESD in Europe ESD in the US Discussion *Topic titles are tentative.	9:00-11:00 EUS-BD: Over two decades since its introduction (120min)  How EUS-BD started? And now How EUS-BD developed? And future EUS-guided choledochoduodenostomy EUS-guided hepaticogastrostomy EUS-guided antegrade biliary intervention EUS-BD in India EUS-BD with novel metal stent in Korea EUS-BD in Thailand EUS-BD in Taiwan EUS-BD in US Discussion *Topic titles are tentative.	Hands-on training Olympus Corporation	Hands-on training FUJIFILM Corporation	9:00		
10:00						10:00	
11:00	11:00-11:20 Presidential lecture: Functional endoscopy / GERD treatment (20min) Moderator: Shinji Tanaka Speaker: Haruhiro Inoue (15min)						11:00
11:30	11:30-12:15 Luncheon Seminar (45min)  Sponsored by FUJIFILM Corporation	11:30-12:15 Luncheon Seminar (45min) Difference of medical system and cost for GI endoscopy between US and Japan  Sponsored by Gadelius Medical					12:00
12:15							
12:20	12:20-13:50 Magnifying endoscopic diagnosis of early GI cancer (90min) Esophagus (SCC) Esophagus (Barrett) Stomach Duodenum How can we reduce colorectal cancer mortality through organized screening? Colon 1 TBD Colon 2 TBD Colon 3: Magnifying endoscopy with AI Discussion *Topic titles are tentative.	12:20-13:50 Endoscopic pancreatic interventions (90min) How ERP started? How EUS-CD started? And now EPST and stone removal Pancreatic duct stenting Balloon enteroscopy-assisted ERP EUS-guided PFC drainage & necrosectomy EUS-guided ablation for pancreatic neoplasms Discussion *Topic titles are tentative.					13:00
13:50	13:50-14:30 Educational Lecture (40min)	13:50-14:30 Educational Lecture (30min)					14:00
14:30	14:30-16:30 POEM and submucosal endoscopy (120min) Introduction of POEM and its extension POEM in Japan POEM in Europe POEM in the US Z-POEM (POES) POET(STER) D-POEM G-POEM Discussion *Topic titles are tentative.	14:30-16:30 Endoscopic transpapillary biliary stone extraction (120min) How endoscopic biliary stone extraction started?: Current best practice of biliary stone removal EST EPBD EPLBD Cholangioscopy-assisted lithotripsy Balloon-enteroscopy assisted lithotripsy Discussion *Topic titles are tentative.					15:00
16:30	16:30-18:00 Evening symposium (90min) Current value and future potential of X1  Sponsored by Olympus Corporation						16:00
18:00							17:00
18:30	Open 18:30 / Start 19:00 - 21:00 JGES International Reception (all together) (120min)				18:00		
21:00					19:00		

September 6 (DAY 2)

\*The program is subject to change.

Room	Room A	Room B	Hands-on	Hands-on			
8:00					8:00		
8:30	Morning seminar(30min)  Sponsored by Boston Scientific Corporation	Morning seminar(30min)  Sponsored by Gadelius Medical					
9:00	9:00-10:20 Deeper layer dissection (including EFTR) & defect closure (80min) Esophagus Stomach: Endoscopic resection of submucosal tumor Obesco Loop 9 in the colon ROLM: How to close the large mucosal defect? SutuArt Application of Overstitch Discussion (24min) *Topic titles are tentative.	9:00-10:20 Transpapillary biliary stenting (80min) How transpapillary stenting started? How to maximize efficacy and minimize adverse events? Benign biliary strictures Malignant distal obstruction Malignant hilar obstruction Endoscopic biliary stenting with ablation (RFA, PDT) Discussion *Topic titles are tentative.	Hands-on training Olympus Corporation	Hands-on training FUJIFILM Corporation	9:00		
10:20							
10:25	10:25-11:05 Educational Lecture (40min) Taking on the World with Japanese Endoscopic AI (tentative)  Sponsored by AI Medical Service Inc.	10:25-11:05 Educational Lecture (40min)  Sponsored by FUJIFILM Corporation					11:00
11:05							
11:10	11:10-11:50 Educational Lecture (40min)  Sponsored by Olympus Corporation	11:10-11:50 Educational Lecture (40min)  Sponsored by Olympus Corporation					12:00
11:50							
12:00	12:00-12:45 Luncheon Seminar (45min)  Sponsored by Boston Scientific Corporation	12:00-12:45 Luncheon Seminar (45min) Interventional EUS: Future and Past (Tentative)  Sponsored by Boston Scientific Corporation					13:00
12:45							
12:50	12:50-13:30 Educational Lecture (40min)	12:50-13:30 Educational Lecture (30min)					
13:30	13:30-16:30 Live demonstration: Advanced therapeutic endoscopy (180min) From Tokyo Medical University & Showa University Koto Toyosu Hospital						14:00
					15:00		
					16:00		
16:30	16:30 Closing remarks: Hironori Yamamoto				17:00		
16:40							
					18:00
